

Monday, March 13, 2023

9:00am–1:30pm

Patrick F. Taylor Hall, LSU

What is engineering and what do engineers do?

Students will learn about engineering careers by touring research labs and participating in hands-on demonstrations led by LSU professors and students.

Topics include:

- Biomedical Engineering
- Clean Energy
- Nanomaterials
- Electrochemistry
- 3D Modeling
- Robotics

This event is **FREE** and open to **6th-8th grade** classes on a first come, first serve basis. Registration is required. For more information about the event and to register, go to our website or use the QR code below.

One teacher/chaperone for every 10 students is required.

Maximum of 40 students per school.

Register soon to secure your spot:
